Practical Nursing
Clinical Immunization Requirements

The requirements listed below MUST be met in order to attend clinical settings at Anoka Technical College.

CPR card: CPR card **must** be current. Check the renewal date on your CPR cards. Failure to renew CPR certification will result in being unable to attend clinical until CPR is brought up to date.
CPR courses that meet the requirement: American Heart Association BLS Healthcare Provider, American Red Cross CPR for Professional Rescuers, or HBEM 2020 CPR for Healthcare Providers, or current First Responders. Online certification courses do not meet this requirement.

Completed Student Record of Immunization form:
This form needs to be completed by a health care provider. It will need to be turned in to your advisor by a specific date in Semester 2. The following immunizations are required for clinical participation.

MMR: Measles, Mumps, and Rubella.
Measles: 2 doses after age 12 months
Mumps: 2 doses after age 12 months
Rubella: 2 doses after age 12 months
OR
Positive serology report of immunity for rubeola and rubella and mumps

Hepatitis B vaccine series
3 doses or proof of immunity by serology report
At least 2 doses of the Hepatitis B series must be completed in Semester 1 of the program.

Background study: We need to receive a background study stating that you may administer direct patient care.

Negative Mantoux: The procedure and timing for receiving a Mantoux will be explained to you when you are in Semester 2. *Your Mantoux must be done within the year of starting clinical.* If you have had a positive Mantoux skin test in the past, you will need to submit a copy of a negative chest x-ray report that is dated within 2 years of beginning coursework in Semester 4. A symptom questionnaire will also need to be completed prior to starting the clinical experiences in Semester 3. You must submit this documentation on the first day of clinical orientation.
