Minnesota Law (M.S. 135A.14) requires proof that all students born after 1956 are vaccinated against diphtheria, tetanus, measles, mumps, and rubella while allowing for certain specified exemptions (see below). Any non-exempt student who fails to submit the required information within 45 days after first enrollment cannot remain enrolled. This form is designed to provide the school with the information required by the law and will be available for review by the Minnesota Department of Health and the local health agency.

☐ Check here if you were born before 1957 for the age exemption. You do not have to complete the rest of this form but please return the completed form to ATC’s Records Office.

Students who are not age-exempt: Complete the ONE part below that applies to you.

Part 1: Students who graduated from a MINNESOTA high school within the last 10 years

I have previously met the MMR (measles, mumps, rubella) and Td (tetanus, diphtheria) or Tdap (tetanus, diphtheria, pertussis) requirements because I graduated from a Minnesota high school within the last 10 years.

Student’s signature ____________________________ Date ____________

Name of high school: ____________ City: ____________ Date of graduation: ____________

Part 2: Students who transferred to Anoka Tech from another MINNESOTA college

I am exempt from these requirements because my admission records indicate I have met the requirements as an enrolled student in another post-secondary school in Minnesota, including receiving a tetanus vaccination within the past 10 years. If the tetanus vaccine is older than 10 years, complete Part 3.

Student’s signature ____________________________ Date ____________

Name of previous Minnesota college: ____________ Dates of enrollment: from ______ Mo/Day/Yr to ______ Mo/Day/Yr

Part 3: Students who graduated from a Minnesota high school 10 or more years ago, students from out of state, students who earned a GED, or home-schooled students
