NOTES:

- **Tuition costs** are based on required program credits **effective Fall 2014 (FY2015)**.
- **Book costs** are reported on a per-semester basis, and are estimates based on Fall Semester 2013 prices. Only one semester's worth of book prices are added to the total, as books are sometimes used over the course of several semesters, but not always. **There will most likely be additional book costs.**
- **Tools** are an average cost and can vary greatly depending on brand purchased.
