2011-12 Selective Service Appeal

Name _____ Student ID#/SSN _____

Federal Law requires all males ages 18-25 to register for selective service. The US Department of Education upholds this law and denies federal financial aid eligibility to all males who failed to register for selective service when required to do so.

The US Department of Education allows schools to accept Appeals based on extenuating circumstances. (these may include but are not limited to: incarceration, not living in the US etc). Please indicate below what your circumstances were during the time in which you were required to register for Selective Service. Please provide documentation supporting your appeal. Please attach a copy of your Selective Service Status Letter.
