ABE Course Information

English and Math Refresher Series

The English and Math Refresher series are composed of six classes and are intended to provide students with a starting point for exam preparation. These classes are helpful for Accuplacer students, GED students and any students looking to improve their skills. In addition to class time, students are also expected to complete the assigned homework. Students will also take short Check-Tests to confirm and demonstrate their skills. Classes are held in the Student Success Center, Suite 190-O.

Study Lab

Study Lab hours are scheduled in Room S190-O in both the A.M. and P.M. for additional support and practice. Students are free to work independently and/or with instructor assistance. Come and go as your schedule allows during the posted hours. **NOTE: Students must attend the entire A.M. or P.M. Math Refresher and /or the English Refresher series.**

Reading Lab

Work in the Reading Lab will help you achieve your goal to be a better reader and tester. Students may schedule a block of time to attend the Reading Lab. You will receive instruction based on your identified needs. Instruction will be done individually, on computer, and in small groups. Come and go as your schedule allows during the posted hours (ARC Rm. 184).

Reading Refresher Series

The Reading Refresher Series is for anyone who could benefit from a comprehensive reading skills class. The reading series is comprised of eight consecutive classes held on Monday and Wednesday mornings from 10:30 a.m. to 1:00 p.m. in the Academic Resource Center (ARC) Room 184.

ABE Enrollment Requirements

To enroll in any of the Metro North Adult Basic Education programs located at Anoka Technical College, you must first attend an orientation that may take two to four hours, depending on assessment needs. The orientation begins promptly at the scheduled hour for the morning and evening sessions. The times listed are the maximum amount of time required to take all assessments. The time may be shortened depending on the learner's goal.
