

Landscape Technician Program Description

Program Description

This program is designed to prepare individuals for employment in the landscape industry. These employees find careers in landscape installation and construction, retail garden centers, greenhouse and plant production, and gardening. This program provides a six credit on-the-job opportunity.

IMPORTANT ACCUPLACER Test Requirement: ACCUPLACER testing in math, reading and writing. Any needed developmental courses must be completed before receiving a diploma or an A.A.S. award.

Program Essentials
