

Landscape Technician Certificate – 29 Credits

Program Description

This program includes coursework in basic landscape practices, turf maintenance, and turf equipment. Complementary coursework is offered in communications and customer service. A six credit on-the-job training opportunity is included in the program curriculum.

Industry Description

This program prepares individuals for employment in the landscape management industry as turf management assistants or grounds management assistants. These employees service the landscape and turf environment for golf courses, parks, commercial and residential sites, athletic complexes and municipalities

Wages/Outlook/Advancement

Wage information is available from the Minnesota Department of Education and the [Minnesota Department of Employment and Economic Development](#)

Program Prerequisites ACCUPLACER Test Requirement: ACCUPLACER testing in math, reading and writing. Any needed developmental courses must be completed before receiving a diploma or an A.A.S. award.

Graduation Requirements See Graduation standards in Student Handbook.
