

## **Anoka Technical College**

### **Student Right-To-Know Graduation and Transfer-Out Rates**

#### **What is Student Right-To-Know?**

Student Right-To-Know is a federal law that requires all colleges and universities to disclose certain information to students. This handout provides the information that a college must provide to students on graduation rates and transfer-out rates for full-time students seeking degrees at Anoka Technical College.

#### **What is a graduation rate and what is a transfer-out rate?**

Federal regulations specify how to calculate the graduation and transfer rates. The rates come from a study of Anoka Technical College students who started at the college in the fall of 2018. The study includes all first-time students who enrolled full-time that fall and were seeking to earn a degree, diploma or certificate at the college. The **graduation rate** is the percentage of these students who graduated from Anoka Tech within three years. The **transfer-out rate** is the percentage of these students who did not graduate from Anoka Tech, but instead transferred to another college or university within three years.

#### **What do I need to know about these rates?**

These rates do not report on all students at Anoka Technical College. The 151 first-time, full-time students in the study were 8 percent of all students enrolled at Anoka Tech in fall of 2018.

#### **What are the graduation and transfer-out rates for Anoka Technical College students and how do they compare to rates for other colleges?**

- The **graduation rate** for Anoka Tech was 46 percent.
- The **transfer-out rate** for Anoka Tech was 9 percent.
- The combination of the graduation rate and the transfer-out rate for Anoka Tech was 55 percent. The national average combined rate for similar colleges was 45 percent.

#### **Why don't more Anoka Technical College students graduate or transfer in three years?**

- Some students take jobs before they graduate;
- Students who switch from full-time to part-time enrollment or “stop out” for one or more semesters are more likely to take more than three years to graduate;
- Other students delay their education for personal, family or financial reasons.

<b>Disaggregated Student Right-to-Know Graduation and Transfer-out Rates</b>
