

Ironwood Electronics manufactures sockets for the electronics industry.

We are a small company located in Burnsville, MN.

We are looking for a machinist capable of operation, set up and programming of vertical mills. This would be a part time position with hours in the range of 4 to 8 PM. This could result in full time employment. Entry level candidates will be considered. Salary range \$18-\$22.00.

Please fax resumes to 952-229-8201 or email ken@ironwoodelectronics.com
