[Job Description]  
The Residential Supervisor (RS) is a live-in position that manages and maintains all aspects of the group home. The RS's responsibilities include supervising and scheduling the staff in the home (typically 10-20 people); managing the budget; making and taking residents to medical and dental appointments; interacting with parents, medical and county professionals; maintaining the house and grounds; working both direct care and doing administrative work (total of about 40-50 hours/week) and carrying a pager; writing monthly and quarterly reports as needed; making sure the staff and the house meet licensing requirements; and ensuring that all the shifts are covered.

The value of the salary, benefits, and apartment space typically brings the total compensation package to \$45-60,000 per year. In addition to your salary you will also receive a \$10,000 bonus after your first 2 years, and a \$12,500 for every 2 years thereafter. It includes health care coverage for you and up to three dependents; a generous 401K retirement plan; your choice of either a Roth IRA or 529 college saving plan; and a rent-free 2-3 bedroom living space (for the RS and spouse/family if applicable), typically a walk-out on the lower level of a rambler style home with most utilities paid by ACR.
