

**NorthPoint Health & Wellness Center**, a state-of the-art multicultural community-based medical and dental clinic, has a current full-time opening for a **Senior Coding, Auditing & Billing Specialist**. The **Senior Coding, Auditing & Billing Specialist** will apply appropriate diagnostic and procedural codes to patient/client health information for data retrieval, analysis, and claims processing; and ensure compliance with state and federal laws and regulations.

Position requires an associates degree or higher form an American Health Information Management Association program, two or more years of medical records coding experience and be certified as a RHIT.

This is an exciting opportunity to work with other dedicated healthcare professionals in an established, progressive public sector agency. You will also enjoy work/life benefits that few organizations can match like generous paid time off including 11 paid holidays, low premiums for single healthcare coverage, and much more. Hennepin County was listed in Minnesota Magazine as 1 of 48 “Great Places to Work”. (January 2009)
