TEAS Assessment Information for Prospective Nursing Applicants

Applicants to the Anoka Technical College Practical Nursing Program are required to take the Assessment Technology Institute's (ATI) Test of Essential Academic Skills (TEAS) admission test.

Beginning in August 2016, the name of this test changed to ATI TEAS. Anoka Technical College Practical Nursing program will continue to accept the TEAS V score taken on or before August 31, 2016. The cut score requirement remains the same at 50%.

The ATI TEAS Examination is a multiple choice, computer accessed assessment measuring basic academic knowledge in reading, math, science, English, and language usage. The objectives assessed on the ATI TEAS Examination are those most relevant to measure entry level academic abilities for nursing program applicants. The time limit is 209 minutes (3 ½ hours) with 170 total questions. The total score is used to determine eligibility for admission to the nursing program along with other admission guidelines found at [Practical Nursing](#).
