TEAS Assessment Information for Prospective Nursing Applicants

Applicants to the Anoka Technical College Practical Nursing Program are required to take the Assessment Technology Institute's (ATI) Test of Essential Academic Skills (TEAS) admission test: the ATI TEAS exam for Nursing. TEAS versions other than the ATI TEAS are not eligible to meet the admission requirement.

The ATI TEAS Examination is a multiple choice, computer accessed assessment measuring basic academic knowledge in reading, math, science, English, and language usage. The objectives assessed on the ATI TEAS Examination are those most relevant to measure entry level academic abilities for nursing program applicants. The time limit is 209 minutes (3 ½ hours) with 170 total questions. The total score is used to determine eligibility for admission to the nursing program along with other admission guidelines found at [Practical Nursing](#).
